PRESS RELEASE

For Immediate Release: November 12, 2014

On Tuesday November 11, 2014 at approximately 11:25 PM Carver police received a report of a vehicle being struck by what the operator believed was a pellet from a pellet gun. The vehicle was travelling on Purchase St. in the area of Callow St. and the high tension power lines.

As the responding officer approached the area his cruiser was also hit with what police now believe is some type of a makeshift device capable of firing projectiles. The cruiser sustained minor damage.

This is the fourth such incident in the same area over the past several months.

On Monday November 10, 2014 another motorist also reported being hit in the same area which resulted in the vehicles windshield being shattered.

Carver Police will be increasing patrols in this area. Anyone with information regarding these incidents is encouraged to contact the Carver police at 508-866-2000.
